This weekend, our country celebrates Labor Day! This holiday is the perfect opportunity for us to remember to treat all who work with respect and stand up for the rights of laborers. Recently, the Virginia Interfaith Center for Public Policy (VICPP) and The Commonwealth Institute released a report on the state of working Virginia. This report highlights the need for living wages, paid sick days, health insurance, and protections against wage theft. Find out more at [www.virginiainterfaithcenter.org/get-involved/labor-day/](http://www.virginiainterfaithcenter.org/get-involved/labor-day/) or reach out to VICPP staff at [office@virginiainterfaithcenter.org](mailto:office@virginiainterfaithcenter.org) for more information.
