

Do you have underlying conditions?

IF SO, YOU MAY BE ELIGIBLE FOR THE MENINGOCOCCAL VACCINE (MENACWY OR MENB)

THE CDC RECOMMENDS MenACWY VACCINE FOR ADULTS IF:

- You have a compromised immune system.
- You could be exposed to the meningococcal disease (travel, work, etc.).
- You are a first-year college student living in a dorm.

THE CDC RECOMMENDS MenB VACCINE FOR ADULTS IF:

- You have a compromised immune system.
- You are a part of a population of increased risk due to an outbreak.
